- robbie-notindaband* good morning gentlemen. do you think atlantis was part of the anunnaki settlements on earth? different name or something altogether different. thanks
- William_Henry Great question. I believe so. The Sumerian place name that most closely matches the Atlantis myth is Eridu, Enki's place of creation.
- fontaine* William - hopefully not off topic here - but any interesting facts/secrets you can shed on the obelisk (aka Cleopatra's Needle) in Central Park, NYC? I always wonder about the relocation of such important artifacts - what the long term effects might be?
- William_Henry I love that obelisk. Saddam Hussein coveted it, along with the obelisks in London and Paris. He believed they were connected to one another and link these power sites.
- Sara Admin, how do you know we haven't transcended? Maybe we just haven't noticed because everything transcended together. How would we know if we have?
- admin That question popped out when we were having tech problems. It is a user question that has not yet been answered. Personally, I have no idea.
- robbie-notindaband* do you boys think the energyspirit (thoth-hermes quetzalcoatl) is one in the same? will he be involved in the 2012 experience? thank
- John_Major_Jenkins Quetzalcoatl is an archetype of rebirth, and relates more to Venus. In the Myth, Quetzalcoatl is reborn at union with the sun during inferior conjunction with the sun. In a similar way, the sun aligns with galactic center in 2012. It's about lower and higher selves being united.
- Granny Wm. -- From Lang. of the Birds. Is the Thought Sphere Thoth projected into the Heavens the same as the Akashic Record or another storage device?
- William_Henry Yes, I would say that it is.

ArthurReyes *Here is my question: Have you gentlemen seen the film "Waking Life"? It offers a number of suggestions for how to use the dream state to expand consciousness. Since we don't all have access to a shaman or a doctor who can administer psych drugs to us, how can we better use the suggestions of the film with your own ideas for expanding consciousness?*

John_Major_Jenkins *I am not familiar with the film Waking Life. Meditation is a good technique for centering/expanding consciousness.*

ArthurReyes *To what degree do you think Dubya is aware of the converging pressures of 2012? Does this explain his supposed purchase of 150k acres of property in south america?*

William_Henry *I'll ask Jay Weidner this question when we interview him for "Dreamland" next week. He believes South America is going to be the "safe" place when the Northern Hemisphere gets pummeled by the "double cosmic catastrophe" predicted by the alchemist Fulcnelli.*

kris104 *Hi admin, I think that the resonance of 13.0 is also related to A-flat major*

admin *I hope they respond to this question about resonances. Why doesn't the poster repost it, so I can get it back in their queue.*

kris104 *Hi William Henry, my question is what did the egyptians believe that there was a connection between spinal fluid and portals?*

William_Henry *I have not data on this, but will be on the look out for you. Great question.*

1poppy *Could it be that this 2012 , somewhere , another civilization might disappear like them , because, they have become more advanced of this awareness , setting the stage for the new cycle . it just keeps repeating through out the history of mankind and its existance , of , transformation , until all of humanity has conquered this spiritual awareness ,thus, the time for spiritual transport ?*

John_Major_Jenkins *during cycle endings like 2012, we have an opportunity to connect with higher dimensional beings and wisdom. Said another way, we can re-connect with our own higher beings.*

- Mary989 *Saddam was obsessed with the "supernatural," just like Hitler! The horrible dictators seem to sense the power in this realm. I wonder if any villain has ever been able to harness it? Any comments from anyone (including William and John)*
- William_Henry Alexander the Great is certainly a candidate for dictators who have mastered this knowledge.
- Sara *John, is there evidence that astronomically sophisticated cultures other than the Maya saw anything significant occurring in 2012?*
- John_Major_Jenkins Yes. In my 2002 book Galactic Alignment, I explored this and found that the galactic alignment of era-2012 was known to other traditions. But it is like a buried layer that mainstream historians have neglected.
- 1poppy *Mr henry , any chance all the pyramids around the earth ,be dormant ships, ready to activate when the times comes , I really believe the pyramids are more than burial chambers ,maybe we will find out in 2012 . any comment ?*
- William_Henry Zahi Hawass was in Nashville in June (2006) and said he was going to open a secret chamber in the GP by the end of the year. He better hurry. There's no question that Giza will be a focal point for 2012.
- Oneforthemoney *Hello Mr. Jenkins :-) I heard that the image of Satan was based on early sightings of Reptilian aliens. I also heard Quetzalcoatl was reptilian. Do you feel that a Reptilian Satan exists and are he and his demons going to reappear sometime in the future?*
- John_Major_Jenkins I feel demonic beings are unintegrated shadow projections. On a collective cultural level, this can manifest in tangible ways. During cycle endings, a return to unity consciousness is possible, but only when the shadows are reclaimed.
- Hammer *"as above so below" wondering if william has heard of a inverted pyramid beneath the grand pyramid that is said to have crystal powered machines said to have powers of re-setting the next consciousness of man. The 22 foot high fence around giza seems an odd thing, but perhaps not for a future event.*
- William_Henry The fence is quite menacing. They're definitely setting up for a future event. One thing is certain. The public is not invited.

admin I am not seeing any questions. We have been having some problems this morning with internet connections. If you have posted and not been answered, please post again.

Mary989 Graham Hancock got insight from taking the drug iboga. Have you ever taken any drugs? What about William?

John_Major_Jenkins Hancock and I spoke at the recent CPAK conference. His work is important and he has a clear approach to using sacred plants for healing purposes. I have used sacred plants for healing journeys, but prefer to make a distinction between lab "drugs" and sacred plants.

1poppy I too think this merging of the deminsions have started already and will be complete by 2012. who would have thunk yrs ago that we all would be enteracting ,in a positive manner ,such as this. more and more pp are experiencing a time shift . would u like to comment on this?

William_Henry Not only are we time shifting, we're also phase shifting from off-line, organic beings to on-line, semi-digital beings.

greg_manoni William, I was struck by your discussion with Whitley about reeds, music, and resonance. I wonder if our bodies and / or souls are instruments that are intended to make a sort of spiritual music?

William_Henry Beautifully put. This is what's called the "Song Grail."

Martin What are the major events that may happen between now and Dec 21st, 2012 (at 11:11 am)?

John_Major_Jenkins We are in the zone of galactic alignment, which stetches from 1980 - 2016. Some astrologers look at specific events and predictions. i think the important thing is that we are doing the healing work of reclaiming our shadows and reconnecting with the higher wisdom. This is perennial philosophy stuff -- making ego-based limited consciousness transparent so that the eternal divine light and wisdom can shine through.

Oneforthemoney Hi William :-) On almost every forum I belong to, the consensus is that Egyptians built the pyramids. Other members are reluctant to consider other possibilities.

I believe Zahi Hawass promotes this idea. But what about giants who were also in the area at the time. Do you feel that giants[sons of the Nephilim] may have had a hand in creating these pyramids?

William_Henry How do we know the Nephilim were in Egypt at the time?

1poppy *Good morning Mr.Jenkins , thank you for visiting us this morning .Is it possible the mayans set this mayan calendar of 2012, as the end of life as we know it and not the end of the world as others think , in actually , its just , the next cycle , that they understood when it happened to them . we are just light beings ,having a human experience*

John_Major_Jenkins *I believe the Maya saw 2012 as a rebirth of life, a renewal of consciousness upon reconnection with the source and center of creation. That's what happens at cycle endings. You could say "the end of the world as we know it", yes. But that could be the same as "the beginning of the world as we create it"*

ixniepiffle *Hello, William. You've written books on several topics. What would you describe as your focus to your life's work? Is there a particular puzzle you are trying to solve, or do you see your research topics as related only in a general sense?*

William_Henry My primary question is this: Is the human body a stairway to heaven from the soul's perspective? And, how does the soul activate the latent capabilities of the human body?

admin *"Sara" comments:A Peruvian shaman whom I studying with recommends that people take cat's claw as an overall healing tonic. Several students I know see spirits and other beings when they take too high a dose.*

1poppy *Mr henry , any chance all the pyramids around the earth ,be dormant ships, ready to activate when the times comes , I really believe the pyramids are more than burial chambers ,maybe we will find out in 2012 . any comment ?*

William_Henry I view the global network of pyramids as a musical instrument. Perhaps they will be activated in 2012 with masses of people making pilgrimages to these sites.

admin *"fontaine" comments: Cat's claw is an excellent anti-inflammatory, and many many illnesses are a result of inflammation in the body. Heal the body, open up the channels, and see what transpires!*

robbie-notindaband *any thoughts on any anunnaki being involved in the 2012 experience*

John_Major_Jenkins *In my book Pyramid of Fire, I discuss the annunaki as guardians of the seven chakra centers. Each one of those bind us to limitation in certain ways. When we experience an ecstatic initiatory ascension, we must transcend and integrate the energies that those gate keepers guard. To the extent that 2012 symbolizes a visionary ascension, the archetypes of annunaki have meaning.*

Granny *Wm. Wonder if Zahi noticed the Capitol Mall?*

William_Henry *Zahi's respose to the Capitol Mall and the Parthenon was, "I'm from Egypt!" In other words, he could have cared less about any one else's temples.*

ixniepiffle *John: It seems the discussion has focused very much on the year 2012 and the events leading up to whatever change will occur in 2012. What things do you see as significantly different after 2012? How do you think we as humans and our existence will be different after the changes to occur in 2012?*

John_Major_Jenkins *2012 is an opportunity. Nothing pre-determined about it, so it's difficult to predict how things would be different. Ideally, if everyone seizes the opportunity (to reconnect with their true natures and the divine wisdom) the you can imagine how much better things would be. That's the ideal. Practically speaking, one hopes that by re-centering our values on eternal principles, our lame destructive instituions will be transformed. The modern world does not acknowledge eternal truths, and that's why it languishes in darkness.*

Mary989 *I've heard that people who use the same drugs, see the same visions (I use the word "drugs," but I agree wtih your phrase "sacred plants," although I've never taken them myself). Do certain drugs "contain" certain spirits?*

John_Major_Jenkins *I believe, and shamans see, that sacred plants contain spirit teachers.*

- golden888* Many investigators ascribe great significance to Rennes-le-Château, but it seems that no serious, extensive archaeological excavation has been performed on that site. What is limiting in-depth investigation in that area?
- William_Henry* There is a deeply embedded, and quite dark, local group that is preventing revelation of the secrets of RLC. This is either to protect the secret or to protect the revelation that there is no secret.
- ChrisP544* In dreamland this morning william discussed tibetan practice of achieving a light body. Lamas leaving behind only hair and nails. There is extensive teaching of this practice both in Tibet and now in this country. I believe this is part of the practice of Dzogchen - achievement of the Rainbow Body. William and JMJ - in your studies of what 2012 may hold is there any reason to think that this kind of transformation is what is in store? For many, a few, only those that eat their Wheaties?
- William_Henry* I've been told the Tibetans are seeking to popularize this teaching in the West. In fact, it has been prophesied to occur.
- admin* My intros to John and William did not post. Here they are now: John Major Jenkins is an independent researcher who has devoted himself to reconstructing ancient Mayan cosmology and philosophy. Since 1986, John has traveled to Mexico and Central America seven times. Since beginning his odyssey of research and discovery with the Maya, John has authored dozens of articles and many books, including Maya Cosmogenesis 2012 and is here to answer questions about 2012. His website is www.alignment2012.com.
- Granny* Have either one of you ever heard of "Particle Transition" as the reason it is so difficult for us to find evidence of prior civilizations? It is from the Voyagers book and involves Earth cycling between alternate or parallel worlds ... involves matter and anti-matter worlds.
- William_Henry* Is the "Particle Transition" the same as the "veil" of forgetfulness?
- Granny* Have either one of you ever heard of "Particle Transition" as the reason it is so difficult for us to find evidence of prior civilizations? It is from the

Voyagers book and involves Earth cycling between alternate or parallel worlds ... involves matter and anti-matter worlds.

John_Major_Jenkins Interesting theory. Much like time-specific emergent properties or laws. For example, there may be things possible during the galactic alignment that won't be possible at other times. You know, the boat leaves in ___ minutes...

Martin *John, what is your opinion on using crystals combine with meditation for healing? It seems to speed up the process from what I am experiencing. Do you use crystals or any other tools for healing?*

John_Major_Jenkins That would seem to work. I study the sacred geometry that manifests in crystals as a path to understanding ancient sacred sciences and perennial philosophy

delighted *Can you expand on what you mean by "semi-digital beings"?*

William_Henry Many of us are choosing to strap on i pods and other wearable computers. Palm top computers are another example. Soon, we won't be wearing such devices. They'll be implanted in our skin and we'll become semi-digital beings.

admin *I have had some technical trouble posting my intros to our speakers. I will try again. John Major Jenkins is an independent researcher who has devoted himself to reconstructing ancient Mayan cosmology and philosophy. Since 1986, John has traveled to Mexico and Central America seven times. Since beginning his odyssey of research and discovery with the Maya, John has authored dozens of articles and many books, including Maya Cosmogenesis 2012 and is here to answer questions about 2012. His website is www.alignment2012.com.*

fontaine *William - is there any way to experience the pyramids in an authentic way anymore? I would love to travel to Egypt, but have no clue as to what "official tour" or agency to do this through.*

William_Henry The Egyptians make it nearly impossible to fully experience the pyramids, but don't let that prevent you from going. You can still have a "trip of a lifetime" in Egypt. Check into John Anthony West's tours.

admin William Henry needs no introduction. He is Dreamland's official guest host and one of the world's leading interpretive mythologists, seeking to recover lost knowledge of stargates and higher knowledge from the myths and remains of pre-Egyptian civilization. His website is www.williamhenry.net.

Mary989 John: What do you predict for 2012? Should we be afraid of this date?

John_Major_Jenkins 2012 symbolizes our encounter with the Great Mystery. That may happen at any time. We can respond in fear or love, and that will define our experience of it. In fact, free will determines the trajectory of our lives, and the two poles of fear (closing) and love (opening) are the navigators.

markhph Do you see these implanted semi-digital devices as a good thing?

William_Henry I'm very uncomfortable with the idea. I don't even own an i pod. Still, I'm open minded about it. The transition to semi-digital status is practically unstoppable.

ChrisP544 But as you said on dreamland requires intensive practice over many years. I have wondered if 2012 may see more common achievement of the rainbow body.

William_Henry I think information about will become widely available. Whether or not it is widely adopted remains to be seen. Are you on the path of achieving the rainbow body?

1poppy I too think this merging of the deminsions have started already and will be complete by 2012. who would have thunk yrs ago that we all would be enteracting ,in a positive manner ,such as this. more and more pp are experiencing a time shift . would u like to comment on this?

John_Major_Jenkins the galactic alignment seems to be making the veil between dimensions thinner. And, we are in a state of greater energy coming in from the universe. This can be wildly perturbing for some, and great stress results. That's why healing, centering, and meditation is important.

admin Folks, thanks very much. This has been a lot of fun, as always. Next Saturday, master UFO researcher Stanton Friedman and Whitley Strieber at 10AM Pacific.

Martin What are the major events that may happen between now and Dec 21st 2012 (at 11:11am)?

John_Major_Jenkins election 2008 and election 2012

admin We aren't quite finished yet. Off moderation in 5 mins.

robbie-notindaband any thoughts on any anunnaki being involved in the 2012 experience

William_Henry It would make sense if they were involved. They were present in Egypt at the founding of that civilization in 3113 B.C. -- the beginning date of the Mayan calendar, which concludes in 2012. Perhaps they will make a return appearance for the end date.

Hammer as different frequencies meld together after the venus transit and as we approach 2012 can we expect to manifest all the entities that dwell within those vibrations.

John_Major_Jenkins this is much like transcendence, which embraces that which is transcended.

ixniepiffle John and William: Imagine you are researchers living 2000 years in the future. What do you think would stand out as our current civilization's legacy? What beliefs, ideologies, etc. do you think will survive from our current lives?

William_Henry Rock 'n' Roll and Hollywood for sure. In these genres are found the new mythologies and the new gods. Elvis lives!

golden888 Do you expect 2012 to be a 'physical' event, e.g. that astronomers may see something new as they canvass the heavens in the years leading up to 2012?

John_Major_Jenkins Possibly. The new thing in the sky, for me, is the galactic alignment. Notice how even scientists are having hard time integrating "what it is." But as above, so below. So it's physical and spiritual. That's how the Maya saw the unity of the world --- two sides of the same coin
